

Hull Lifesaving Museum Summer Adventure Program

The Summer Adventure Program offers six weeks of discovery and exploration for children ages 5-11. Summer Adventure meets Tuesday-Thursday from 9:30-12:30, with a different theme each week. Each week includes hands-on activities, outdoor exploration, and a fun mix of history, science, and arts. A morning snack is provided. Children are encouraged to bring a re-useable water bottle.

*Registration for Pond Yacht Racers is \$100 members, \$120 nonmembers. Registration for all other weeks is \$90 members, \$110 nonmembers (scholarships and 10% discounts for siblings and active military families). For information, please contact Elizabeth Naylor at 781-925-5433 or email elizabeth@hulllifesavingmuseum.org

Session 1, Tide Pool Adventures I, July 11-13

Always a highlight of the summer, we'll explore the wonderful tidal pools within a short walk of the museum, learning to slow down, look closely, and find the wealth of plant and animal life in a single small pool.

Session 2, Myths of the Sea, July 18-20

Sea monsters and mermaids have excited sailors for generations! We'll use this week to explore the various myths of the sea. Bring your imagination and be ready to investigate the origins of these stories.

Session 3, Shipwrecks & Lifesavers, July 25-27

Walk in the footsteps of Captain Joshua James and his crew, exploring daily life at the historic Lifesaving Station. We'll learn about Boston Harbor's most amazing storms and shipwrecks, hear stories of courageous rescues, and have a chance to ride the breeches buoy!

Session 4, Pond Yachts, August 1-3

A great opportunity for young children to build their first model boat—a T12 that sails beautifully. Children will assemble, paint, and rig their vessels from a high quality T12 model boat kit.

Session 5, Seafaring Pets, August 8-10

Learn about cats in life jackets and dogs in Coast Guard uniforms! We'll learn about local heroes, Roger the Coast Guard dog and Sammy the Boston Lighthouse dog as well as many other animal friends at sea!

Session 6, Tide Pool Adventures II, August 15-17

We will continue our exploration of the rich intertidal zone on local beaches, investigating our finds with nets and magnifiers. We'll learn about sea stars, anemones, crustaceans and more! (It is not necessary to have participated in Tide Pool Adventures I to participate in this session).

Registration begins March 15, 2017. Please call 781-925-5433 or email elizabeth@hulllifesavingmuseum.org to register.

We want all our adventurers to be safe and comfortable....

Children should wear **sunscreen, hats and watershoes** (or other shoes that they can get wet) and bring a re-useable **water bottle**. Bathing suits and towels are optional.

Please come into the museum at 12:30 to pick up your child. If a friend or relative will be picking up your child, please be sure to inform program staff in advance.

Please be sure to note any Allergies or Medical Concerns on the Emergency Contact Form. Forms and payment are due by June 1, 2017.

We are so pleased that your child will be joining us on our summer adventures! If you have any questions before the program starts please feel free to call, 781-925-5433 or email elizabeth@hulllifesavingmuseum.org. Thank You!

*10 % discount for additional siblings and 10% discount for active military families.
