

The Hull Lifesaving Museum
South Shore Youth Rowing
FALL 2019!

All Rowers - All Levels (Novice – Advanced)
Tuesdays and Thursdays
3:15pm – 5:15pm
September 17 – October 17

Please register by September 13

Register by printing out Registration Form from our website and sending in or dropping off with payment.

Program

Our co-ed program is for students in middle and high school. No experience is needed; only enthusiasm and a sense of adventure. Crews will row in traditional open water gigs with four or six rowers. Each boat will be led by an experienced HLM coxswain who provides instruction and is responsible for the safety of the boat.

Every session will include education on the harbor, the weather, the boats, and rowing. On the occasion that weather does not permit us going out we will have activities planned for indoors.

Location

All crews will meet at The Hull Lifesaving Museum Boathouse at Windmill Point and the Hull Lifesaving Museum, Nantasket Avenue, both in Hull.

Cost

\$135 for non-members, \$125 for museum members

(Financial assistance is available)
