Weather and Practice/Event Cancellation

- Practices and events seldom are canceled due to weather. However, heavy rains, high winds, and high seas can lead to practice/event cancellation.
- **Practices begin promptly at the scheduled times.** Late arrivals hinder practice by necessitating reconfiguration of crews and boats, which takes valuable time away from on-the-water practice. ***Please make every effort to be on time to practice,*** and to let us know if you are running late so we can plan accordingly.

Museum staff endeavor to make accurate judgments about weather conditions daily, and email participants about the status of rowing by noon. Please call by 2 pm if you have questions about conditions and practice. Museum Phone Number: (781) 925-5433
