*Many years ago, Associate Director Barbie Guild initiated the museum's "En Plein Air" painting group, an informal gathering of artists who met to paint together on summer Fridays. The Sea & Sky Art Show began as a chance for those artists to showcase the summer's work, and has since grown into an outstanding regional juried show. The Barbie Guild "En Plein Air" Award celebrates the spirit of those wonderful beginnings.

Please note: A prize will not be awarded in a category for which there are insufficient submissions.

Juror

Photographer Michael Casey brings an interesting background to his work. A fine arts major at Holy Cross College, he expected to pursue a career in something creative, very likely making pictures. Mike spent 12 years at agencies big and small combining his life experiences, advertising skills, and creativity to pursue his photography. He concentrates on photographing people and places that offer opportunity and allow him to make an impact that is often described as warm, approachable and real.
